Introduction

I am a Software Engineer with strong skills in designing and developing robust, efficient, and scalable software solutions. Proficient in Java, Python, and C++, I also specialize in **full-stack development using the MERN stack**. I actively participate in **competitive programming**, which sharpens my algorithmic thinking and problem-solving abilities. Passionate about technology and continuous learning, I strive to stay ahead in the ever-evolving field of Computer Science and Engineering.

Education

Bachelor of Technology in Computer Science Engineering   *2023 - 2027*
Lovely Professional University
- Currently pursuing B.Tech in Computer Science Engineering with **CGPA: 7.8/10.0**

High School Education   *2022 - 2023*
Lovely Public Senior Secondary School, PD Vihar, New Delhi
- **Board:** CBSE
- **Percentage:** 74.7%

Matriculation   *2020 - 2021*
Lovely Public Senior Secondary School, PD Vihar, New Delhi
- **Board:** CBSE
- **Percentage:** 96%

Experience

President of Atal Tinkering Laboratory (ATL)   *New Delhi*
ATL, Lovely Public Senior Secondary School   *2019 - 2023*
- Started as a member and progressively advanced to the role of President, leading a team of innovative minds
- Developed and managed multiple technical projects, focusing on practical solutions for real-world problems
- Won numerous hackathons, showcasing strong competitive and problem-solving abilities
- Received the prestigious "Inspire Manak Awards" for designing a "Smart-Safety Helmet" for construction workers, winning a prize of INR 10,000
- Cultivated skills in project management, prototyping, innovation, problem-solving, and hackathon participation
- Led cross-functional teams to develop innovative solutions addressing community challenges

Projects/Open Source

Planning Management Dashboard   *Mar 2025 - Apr 2025*
- **Project Objective:** Designed and developed a comprehensive dashboard to streamline project tracking and automate resource allocation for improved efficiency
- **Problem Statement:** Traditional project management tools lacked real-time visualization and intuitive interfaces, leading to inefficient resource allocation and project delays

- ○ **Features:** Responsive UI with Tailwind CSS, real-time data visualization, interactive task management, user authentication system, database integration, timeline visualization, and automated progress reporting
- ○ **Impact:** Reduced project planning time by 40%, improved resource utilization by 25%, and enhanced stakeholder communication through centralized information access
- ○ **Tech Stack:** HTML, CSS, Tailwind CSS, JavaScript, PHP, MySQL

Domain-Specific AI Chatbot: Culture Guide Expert *(Python, Flask)*   *Jan 2025 - Feb 2025*
- ○ **Project Objective:** Developed an AI-powered chatbot specialized in providing cultural guidance and information to users with an emphasis on exceptional user experience
- ○ **Problem Statement:** Existing cultural information sources lacked personalization and interactive engagement, creating barriers for users seeking to understand diverse cultural contexts
- ○ **Features:** Intuitive UI with smooth animations, natural language processing for contextual awareness, extensive cultural knowledge database, personalized guidance based on user preferences, adaptive learning mechanisms
- ○ **Impact:** Enhanced cultural knowledge accessibility by 85
- ○ **Tech Stack:** Python, Flask, JavaScript, Natural Language Processing APIs

Technologies

Programming Languages: C/C++, Java, Python, JavaScript, TypeScript

Frontend & Tools: HTML5, CSS3, React.js, Next.js, Tailwind CSS, Figma, Linux, Bootstrap, Gitlab

Backend & Databases: Node.js, Express.js, Django, MongoDB, Mongoose, PostgreSQL, PHP

Relevant Coursework: Data Structures & Algorithms, Database Management System, Software Engineering, Operating System, Object-Oriented Programming, Git/GitHub

Soft Skills & Languages

Soft Skills: strong communication and leadership skills, work well in a team environment, and am hardworking, passionate about learning new things, and highly focused on achieving goals

Languages: English (Read, Write and Speak), Hindi (Read, Write and Speak), Odia (Speak)
